A **Certificate of Conformity (CoC)** is an official document issued by an authorized Conformity Assessment Body (CAB), confirming that a product complies with the relevant SASO technical regulations and standards.

## Steps to Issue **CoC** for Low Voltage Electrical Equipment & Appliances on **SABER Platform**

### 1. SABER Registration

- Register the product and enter all required details on the SABER platform.

### 2. Choose a Conformity Assessment Body

- Select **Watheeq Company for Conformity** as your authorized body approved by SASO.

### 3. Submit Required Documents

- Supplier Declaration of Conformity
- Product Risk Assessment
- Product photos, packaging, and labeling images
- User Manual
- Test Report from accredited laboratory

### 4. Document Review & Assessment

- Watheeq reviews the submitted documents and ensures compliance with SASO technical regulations.

### 5. Issuance of CoC

- Once requirements are fulfilled, Watheeq issues the **Product Certificate of Conformity (PCoC)** through SABER.

### 6. Shipment Certification

- For each shipment, a **Shipment CoC (SCoC)** is issued to allow customs clearance and Saudi market entry.

The **Gulf Conformity Mark (G-Mark)** is a mandatory certification mark required by the GCC Standardization Organization (GSO) for certain regulated products, including Low Voltage Electrical Equipment and Appliances.

## Steps to Obtain the **G-Mark** :

### 1. Identify Applicable Standards

- Determine the GCC technical regulation or standard that applies to your product (e.g., Low Voltage Electrical Equipment and Appliances.).

### 2. Product Testing

- Conduct testing in a GCC-accredited laboratory to verify compliance with the relevant standards.

### 3. Submit Documentation

- Provide the test reports and required documents to a GCC-approved certification body .

### 4. Certification Decision

- Once compliance is confirmed, the G-Mark Certificate is issued, and the product may display the G-Mark on its packaging and labeling.

### 5. Validity & Renewal

- The G-Mark Certificate is typically valid for 3 years. Recertification is required to maintain validity.
